The Federal Government is mandating sustainable Net-Zero Construction. Ontario has mandated the installation of more affordable housing with Municipalities required to facilitate results. With all levels of government working together along with the private sector and non-profit groups, results can be produced in a timely manner. Come and hear from leading companies and innovators that are now building infrastructure to deliver energy-efficient, affordable housing and better options for seniors. Learn about new initiatives designed to accelerate the adoption of new energy-efficient solutions. Share your experiences at the interactive panel discussion. Learn about the latest technologies from leading suppliers and exhibitors. Discuss issues and opportunities with key stakeholders at the various networking sessions.

**SAH & Better Living for Seniors Conference and Exhibit, April 29, 2024**

**Organized by Centennial College and Terra Power Systems Inc.**
